Early 18th-Century Satire:
Jonathan Swift and Alexander Pope

A Bibliography compiled by
Wolfram R. Keller

Note: Only one editor is named in cases of essay collections with more than two editors. Articles from Dissertation Abstracts International are only listed in case they are especially relevant. Essays from Explicator are not listed. Likewise, Notes and Queries-articles are neglected unless they seem particularly relevant. To save space, I did not mention the series book-length studies have been published in. Finally, in case of special journal issues dealing with seminar-relevant material, articles have been listed separately to allow for a better overview in terms of inter-library loans. Also, a comprehensive bibliography can be found on the following website "Theorizing Satire: A Bibliography". Please send comments and additions to <kellerw@staff.uni-marburg.de>.
