

Basic criteria for letters or recommendation:

- You must have taken at least one course I taught.
- Less than a 1.7 average of all grades you got in courses I taught.

In the following cases, I will use somewhat more stringent criteria:

- If you need a letter in order to apply for a admission to a master program, you must have taken at least two courses I taught.
- If you need a letter in order to apply for a stipend or for admission to a doctoral program, you must have written your thesis under my supervision.
